

Second Class

Suggestions of Work

Items in red are on Seesaw. Photos of any other work can be sent on through Seesaw too e.g. page of Maths book etc. Everything is entirely optional and you can decide what works best in your home. The RTE School Hub is excellent and TG4 also have Cúla 4 Ar Scoil every morning at 10 o'clock. Please contact me if you have any questions: principal@stfeichinsns.com

English

The Green Genie:

- Unit 15 and 16. Do about half a page of each story for reading practise each day. Complete all written activities.
- I would love to hear the pupils reading once or twice a week. See if your child can record themselves reading a short piece on Seesaw. Tips: take your time, pause at full stops and commas, try to put some expression into the reading.

Writing:

- Continue with the handwriting workbook
- Free writing
- Write a letter or postcard to somebody you haven't seen in a while

Maths

Operation Maths:

- Pg. 99-103
This week's chapter is about 3D Shapes. Try to find examples around the house and look at them carefully to count the corners, edges and sides. Don't worry if some of the activities in the book are too difficult to do at home. The online activities below will be helpful. Also on Seesaw.
<http://data.cifallon.ie/resources/19626/activity-111/index.html>
<http://data.cifallon.ie/resources/19626/activity-112/index.html>
<http://data.cifallon.ie/resources/19626/activity-113/index.html>
<http://data.cifallon.ie/resources/19626/activity-122/index.html>
<http://data.cifallon.ie/resources/19626/activity-123/index.html>

Maths At Home Book:

- Pg. 36-37

Tables:

- We will continue revising the subtraction tables. We will revise -5 this week.
- There is a supplementary worksheet on Seesaw for some practise with addition and subtraction. The pupils should be able to write their answers straight on to whatever device they are using. It is more difficult on a phone. You can also print off the worksheet or write the sums into the Maths copy and send on a photo.

Gaeilge

Sin É:

- Listen to the story on pg. 114-115 a few times. ([On Seesaw](#))
Answer questions 1-3 on pg. 116 ([Also on Seesaw](#))
- Practise pg. 117 orally. ([On Seesaw](#))
- Complete the first four sentences on pg. 119. The word “sa” puts on a h (after the first consonant).
- Listen to the rap song on pg. 121 ([On Seesaw](#)).
Read a verse and send it to me. We can sing this when we go back to school!

Continue practising some informal Gaeilge during the week e.g. describing the weather or what they eat for lunch:

- Conas atá an aimsir inniu? Tá sé fliuch/tirim/grianmhar/gaofar/geall/dorcha/fuar/te.
- Cén lá atá ann inniu? Inniu an _____.
- Cad a d’ith tú ag am lón? D’ith mé _____.
- Cad a d’ól tú ag am lón? D’ól mé _____.
- An bhfuil cead agam _____ a fháil?
- Bhí mé _____ (ag imirt peile, ag súgradh sa ghairdín, ag féachaint ar an teilihís, ag imirt cluichí ríomhaire, ag ithe, ag léamh etc.).
- Cá bhfuil _____? (mo gheansaí, mo leabhar, mo liathróid, mo lón, mo chóta, mo pheann luaidhe etc.)

SESE

- There is a Rainbow Experiment on Seesaw that you could try at home. Take a photo and send it on!

Music

- The pupils might like to continue practising the tunes they have for tin whistle and violin.

NB: Continue to read with your child.

Additional online activities:

- IXL ([new login details have been emailed to you if you requested the Seesaw Home Learning Code. I will suggest particular activities which should come up under “Recommendations”. This will provide more focus and I can keep an eye on their progress](#)).
- Spelling City (each pupil has their own login details at the back of their homework diary, [new patterns added for this week](#)).
- www.twinkl.ie has a wealth of activities for every subject and is free to access at the moment.
- www.seideansi.ie (this is an Irish website suitable for Gaeltacht schools so you may need to choose a lower class level).
